

UNIKA

Design Giancarlo Vegni

Modello Depositato

Unika nasce dalla ricerca tecnologica di Effeti nell'applicazione dell'alluminio in cucina: la particolare lavorazione dell'anta, frutto dell'esperienza Effeti, è esaltata dal profilo perimetrale in alluminio anodizzato che diviene maniglia oltre che decoro discreto e permette di accogliere diversi materiali e finiture all'interno del proprio perimetro. Un'interpretazione del classico telaio in una veste contemporanea e tecnologica, lieve e leggera, un design di ricercata semplicità in cui la tecnologia è presente senza alcuna ostentazione.

Registered Model

Unika comes from Effeti technological research in the application of aluminium in the kitchen: the particular processing of the door, the result of Effeti experience, is highlighted by the anodized aluminium perimeter profile which is both handle as well as a discreet decoration and allows various materials and finishings to be brought within its own perimeter. An interpretation of the classical frame in a contemporary and technological robe, mild and light, a refined but simple design where technology is present without any flaunting.

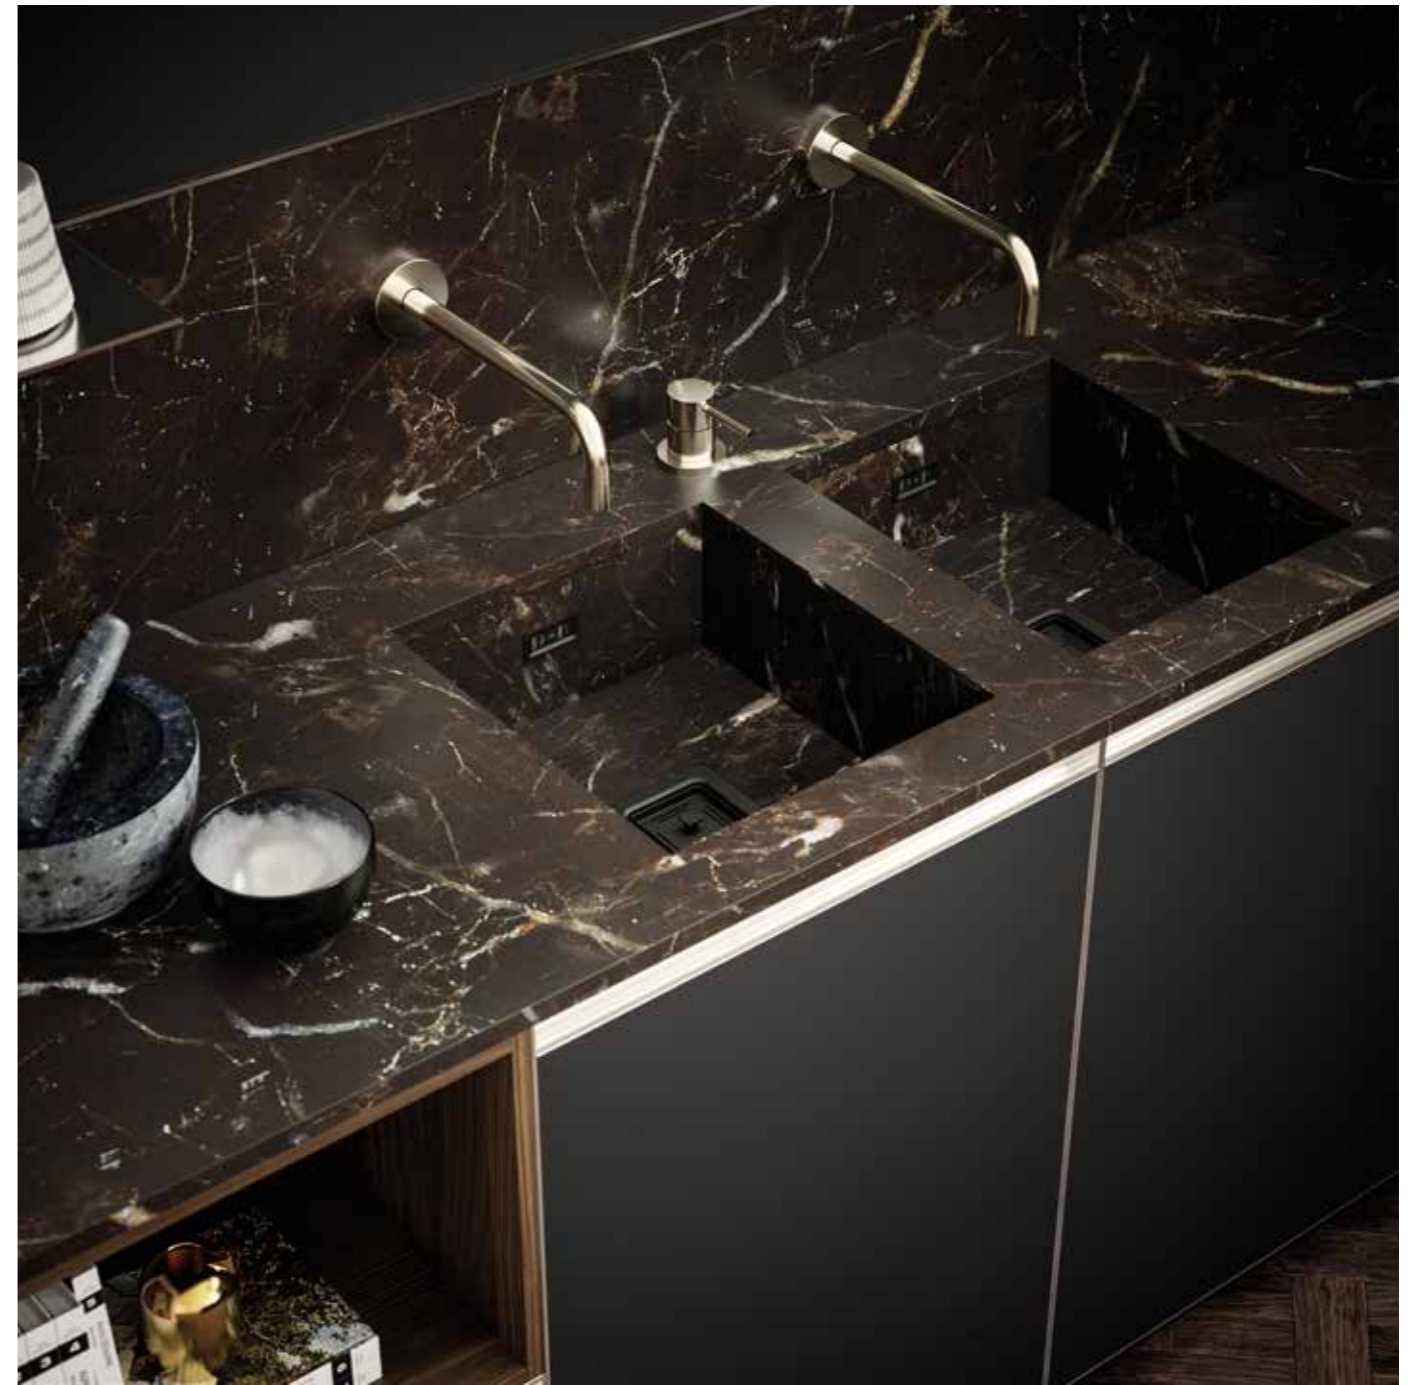

Composizione con ante in Fenix Smoking, profilo e maniglia gola in alluminio, finitura Titanio. Top in marmo Emperador Brown sp. 20 mm. Elementi a giorno in legno finitura Rovere Termizzato. Mensole in metallo sp. 3 mm finitura nero opaco.

Composition with Fenix Smoking doors, profile and recessed handle in aluminium, Titanium finish. Emperador Brown 20 mm thick marble top. Open storage wood units, thermo-treated Oak finish. Metal shelves 3 mm thick, matt black finish.
